PFAFF

performance²⁰⁵⁶

The real passion for sewing!

Quilting and patchwork, fashion design, home textiles, free-motion embroidery, or nostalgia... No matter what your preference in sewing may be, you expect precision from your sewing machine, down to the last detail. Pfaff's performance²⁰⁵⁶ has what it takes...

The real
passion
for sewing!

performance²⁰⁵⁶

A top-of-the-line sewing machine. A true Pfaff.

Pure innovation is reflected in a uniquely beautiful design, the features and the ease of use. A high-resolution touch screen lies at the heart of the Pfaff performance²⁰⁵⁶. Just a light touch of the stylus or finger opens all the possibilities of this machine: stitches, sewing functions, and programs.

Whatever you are sewing, it's displayed there for you. The information you need is at your fingertips – whenever you need it.

A large high-resolution touch screen provides easy access to stitches and programs.

Pfaff performance²⁰⁵⁶ programs.

These are some of the programmable functions in performance²⁰⁵⁶. For more details, please visit your Pfaff dealer or www.pfaff.com.

“Needle up/down” program
The needle remains in the down position while the presser foot is automatically raised, for easy pivoting in any thickness of fabric. This function is also available through the foot control!

“Free-motion” program
Use the “Free-motion” program for all of your stippling, free-motion and darning needs. Pfaff performance²⁰⁵⁶ sets the correct presser foot height for you.

“Twin needle” program
The high resolution touch screen always shows when a twin needle can be used for a stitch.

“Tie-off” program
Sewing convenience at your fingertips: Secure the beginning and end of the seam and raise the presser foot automatically.

Features at a glance!

- **Only from Pfaff:**
IDT – absolutely even fabric feed from both the top and bottom. Only Pfaff has the IDT built into the machine.
- **Only from Pfaff: German Engineering** and Innovative Design!
- **Large high resolution touch screen** allows for easy access to stitches and functions. Change the stitch length, or width and see the changes right before your eyes.

performance²⁰⁵⁶ programs

- **“Single stitch” program** – Program the exact number of stitches or stitch sequences you want to sew. Sewing stops automatically after the last stitch and the seam is tied off.
- **“Tie off” program** – Secure the beginning and end of the seam automatically!
- **“Needle up/down” program** – The needle remains in the down position, while the presser foot is automatically raised, for easy pivoting in any thickness of fabric.
- **“Patchwork” program** – Sew your seam. The seam length will be remembered so you can sew it again and again.
- **“Free-motion” program** – for all of your stippling, free-motion and darning needs. The correct presser foot height is automatically set for you.
- **“Twin needle”** – The screen always shows when a twin needle can be used for a stitch.
- **“Express Sequence” function** – Test sew your stitch sequences with the “Express Sequence” function.

performance²⁰⁵⁶ stitch package

- 207 utility and decorative stitches, and 4 alphabets (including 9 mm wide stitches)

performance²⁰⁵⁶ sewing convenience:

- Save your individual patterns and stitch sequences in one of **50 memories!**
- For each stitch **the optimal settings** for length and width **are already set**. Settings can be adjusted if needed.
- **Easy needle threading!**
No more searching for the needle's eye. Just lay the thread in place and start sewing, thanks to the integrated needle threader!
- **Many needle positions!**
For precise topstitching, without having to move the fabric. Perfect for sewing zippers in place.

- **Lower the feed dogs from the front of the machine!**
Ideal for darning, free-motion embroidery or quilting – the feed dogs can be comfortably lowered from the front of the machine.
- **Extra high presser foot clearance!**
High presser foot clearance makes room for heavy fabrics or several layers of fabric!
- **Constant needle piercing power!**
Even when you sew slow, with thick fabrics or through several layers of fabric.
- **Permanent reverse** at the touch of a button! Leave your hands free to guide your project!

Find out more about the performance²⁰⁵⁶ at your local Pfaff dealer or visit our website – www.pfaff.com!

Only from Pfaff! IDT Perfect piecing!

Absolutely even fabric feed from both the top and bottom with IDT – Integrated Dual Feed!

During sewing, the fabric is fed simultaneously from both the top and bottom. Absolutely nothing can slip when working with fine fabrics or several layers. It's wonderful for quilting because piecing and quilt blocks match exactly. Even long lengths of heavy fabrics (typical for home decorating projects) can easily be sewn from beginning to end.

IDT guarantees that the feed dogs are perfectly synchronized! Only Pfaff has IDT built into its sewing machines.

Checks and stripes match exactly.
